

Landmark

Residential

June 20, 2006

Owners, Operators and Management Companies:

Over the past three years RCI (Dewey Green and Gene Clennon) have been servicing Landmark Residential accounts from various levels of loss ranging from fires to hurricane claims on assets located from Alabama to Florida which has exceeded over \$1M per claim.

During the term of our business relationship I have found RCI to be very responsive and flexible to our needs on all of our emergency situations which have occurred within our portfolio. The final product of the rebuilds reflects superior quality construction and workmanship all while meeting budget restraints and targeted timelines as set forth by management and ownership.

In closing, I recommend RCI to be a dependable company providing "Professional Services" concluding with client satisfaction!

Regards,

Deborah L. Curler, CPM
