To Whom It May Concern:

I recently had the opportunity to hire RCI Corporation to help me with almost \$#1 million in Hurricane Katrina repairs. I own several properties in South Mississippi. When we experienced a large amount of damage from Hurricane Katrina RCI was on the scene within 2 days. They had a good crew that immediately undertook the huge job of drying out our properties (this was a huge job). RCI then began work on roof replacements and repairs, painting, stucco repairs and lots of other storm related damage.

RCI was great to work with. They have top notch people and you can count on what they tell you as to cost, job time, etc. I was most pleased with RCI and the quality of their work and would not hesitate to use them again. I just hope we do not have any more hurricanes in the near future.

If you have any questions feel free to call me at 678-473-1277

Sincerely,

W. Jack Hamilton III
